## HYBRID GRID ENTRY MATTING

*Introducing our most versatile and customizable scrape-and-clean entry system.*

Two-n-One hybrid matting system: the smart and versatile combination of Frontrunner SB – a heel-and-wheel friendly grid entry system – and your choice of durable all-weather walk-off carpet*, together in a single mat.

The distinctive look of Frontrunner SB's serrated grid scrapes and captures dirt and debris, while the walk-off carpet* wipes away what's left, including excess moisture. Made using van Gelder Inc.' industry-leading assembly process, Two-n-One Mat is built to withstand medium to high traffic.

Choose from a wide selection of shapes, sizes and colors (single tone or custom logo designs available), or as a semi-permanent wall-to-wall installation. Two-n-One's nearly limitless versatility is one of many ways van Gelder Inc. makes customizing mats easier than ever.

MADE TO SUIT YOUR NEEDS WITH A LOGO OR WITHOUT IN FULLY CUSTOMIZABLE SIZES

*Available carpets for logos:*

- Champion Super Nop

**MAINTENANCE**
**DAILY:** Vacuum with an industrial cleaner. Should stones, salt particles or other solid matter become embedded between the surface ribs, remove using a blunt instrument (screwdriver) or similar device. In addition to daily routine above, its important to remove chewing gum deposits and stains as they appear.
**WEEKLY:** Complete daily cleaning routine, then clean top surface using cylindrical brush machine. Initially work in direction of top ribs then across the ribs to complete cleaning. If a cylindrical brush machine is not available equally good results can be achieved using a high-pressure water extraction process.
